\*\*Available data not comparable.

<sup>1</sup>Data for 1945 and earlier do not include land rented to others by farm operators.

<sup>2</sup>In the preceding calendar year.

<sup>3</sup>Total acreage of crops for which figures are available, except that corn cut for forage was excluded as most of this acreage was probably duplicated in the acreage of corn harvested for grain.

<sup>4</sup>Total cropland, cropland used only for pasture, and other pasture not strictly comparable for the various census years because of differences in definition of cropland used only for pasture. See text.

When the number of farms or farms reporting constitutes (percent)—	Multiply given limit by—
