¹See text for reliability.²Total for the South and 7 counties in Southeastern Missouri.³The questionnaire used in enumerating farms carried a separate inquiry for rice in 4 States only, viz., Arkansas, California, Louisiana, and Texas. All totals except for multiple units are restricted to those States. The questionnaire used in enumerating multiple units provided for the enumeration of rice in other States. The totals for multiple units include data for 3 farms reporting rice in Mississippi.

¹The questionnaire used in enumerating farms carried a separate inquiry for rice in Arkansas, California, Louisiana, and Texas. All totals except for multiple units are restricted to those States. The questionnaire used in enumerating multiple units provided for enumeration of rice in other States. The totals for multiple units include data for 3 farms reporting rice in Mississippi.²Land in managed landlord-tenant operations classified on basis of whether owned or rented by the employer.³All data for farms not in multiple units were obtained by subtracting data for multiple units from those for all farms. See text for reliability of these data.

²The questionnaire used in enumerating farms carried a separate inquiry for rice in Arkansas, California, Louisiana, and Texas. All totals except for multiple units are restricted to those States. The questionnaire used in enumerating multiple units provided for enumeration of rice in other States. The totals for multiple units include data for 3 farms reporting rice in Mississippi.

³Land in managed landlord-tenant operations classified on basis of whether owned or rented by the employer.

⁴All data for farms not in multiple units were obtained by subtracting data for multiple units from those for all farms. See text for reliability of these data.
