URBANIZED AREA MAPS

The five urbanized areas located in part or entirely in Iowa, for which statistics are shown in tables, are depicted in the following maps. The shaded areas, in combination, comprise the urbanized area. To assist in locating the exact external boundaries of the area, each boundary feature (street segment, political boundary or other) has been assigned a number. The boundary segments thus numbered are shown on the map and the features to which they apply are presented in the following key.

KEY TO NUMBERED BOUNDARY SEGMENTS
