URBANIZED AREA MAPS

The four urbanized areas in Missouri, for which statistics are shown in tables, are depicted in the following maps. The shaded areas, in combination, comprise the urbanized areas. To assist in locating the exact external boundaries of the areas, each bound-

ary feature (street segment, political boundary, or other) has been assigned a number. The boundary segments thus numbered are shown on the map, and the features to which they apply are presented in the following key.
