## Table B.—IN-MIGRANTS, OUT-MIGRANTS, AND ESTIMATED NET MIGRATION, FOR STATE ECONOMIC AREAS: 1949 TO 1950

[Based on a 20-percent sample. Plus sign (+) denotes net in-migration; minus sign (-) denotes net out-migration. Rates computed from 20-percent sample population data. Out-migrants with State, but not State economic area, of origin reported distributed within each State in accordance with distribution of those reporting State economic area of origin; total out-migrants equated to total in-migrants; see text for explanation]

## Table B.—IN-MIGRANTS, OUT-MIGRANTS, AND ESTIMATED NET MIGRATION, FOR STATE ECONOMIC AREAS: 1949 TO 1950—Con.

[Based on a 20-percent sample. Plus sign (+) denotes net in-migration; minus sign (-) denotes net out-migration. Rates computed from 20-percent sample population data. Out-migrants with State, but not State economic area, of origin; total out-migrants equated to total in-migrants; see text for explanation]
