¹ According to the new urban definition, the urban population comprises persons residing in urban territory but not necessarily in an urban place, which is defined as an incorporated place of 2,500 or more, or an unincorporated place of 2,600 or more located outside an urbanized area. Under the old definition, incorporated places of 2,500 or more and places urban under special rule are classified as urban places. There were no places urban under special rule in Kentucky.
² Includes 67,182 persons in urban territory outside of urban places.
³ Population of that part of Virginia taken to form Kentucky in 1792.

NUMBER OF INHABITANTS

Table 6.—POPULATION OF COUNTIES BY MINOR CIVIL DIVISIONS: 1930 TO 1950

["Uninc." designates an unincorporated place. "Districts" shown here are magisterial districts. Figures for 1930 and 1940 are not available for unincorporated places and places incorporated subsequent to Apr. 1, 1940. Minor civil division figures for 1940 and 1950 do not necessarily add to county totals. Boundary changes between 1940 and 1950 given in footnotes; for changes between 1930 and 1940, see reports of 16th Census (1940), *Population*, Vol. I, pp. 419-424. Total population of a place located in 2 or more minor civil divisions appears on table 7.]

LOUISVILLE URBANIZED AREA MAP

The Louisville Urbanized Area, for which statistics are shown in table 9, is depicted in the following map. The shaded areas, in combination, comprise the urbanized area. To assist in locating the exact external boundaries of the area, each boundary feature (street segment, political boundary, or other) has been assigned a number. The boundary segments thus numbered are shown on the map and the features to which they apply are presented in the following key.
