#### URBANIZED AREA MAPS

The Lincoln and Omaha Urbanized Areas, for which statistics are shown in table 9, are depicted in the following maps. The shaded areas, in combination, comprise the urbanized area. To assist in locating the exact external boundaries of the area, each boundary feature (street segment, political boundary, or other) has been assigned a number. The boundary segments thus numbered are shown on the map and the features to which they apply are presented in the following key.
