LETTER OF TRANSMITTAL.

DEPARTMENT OF COMMERCE,
BUREAU OF THE CENSUS,
Washington, D. C., April 19, 1922.

Sir:

I transmit herewith the Abstract of the Census of Manufactures of 1919. This volume contains in condensed form the principal statistics of manufactures collected at the Fourteenth Decennial Census, taken in the year 1920, the statistics for manufactures relating to the calendar year 1919. It is designed to meet the requirements of those who desire the statistics for the census as a whole, for the separate industries, and for the states and principal cities.

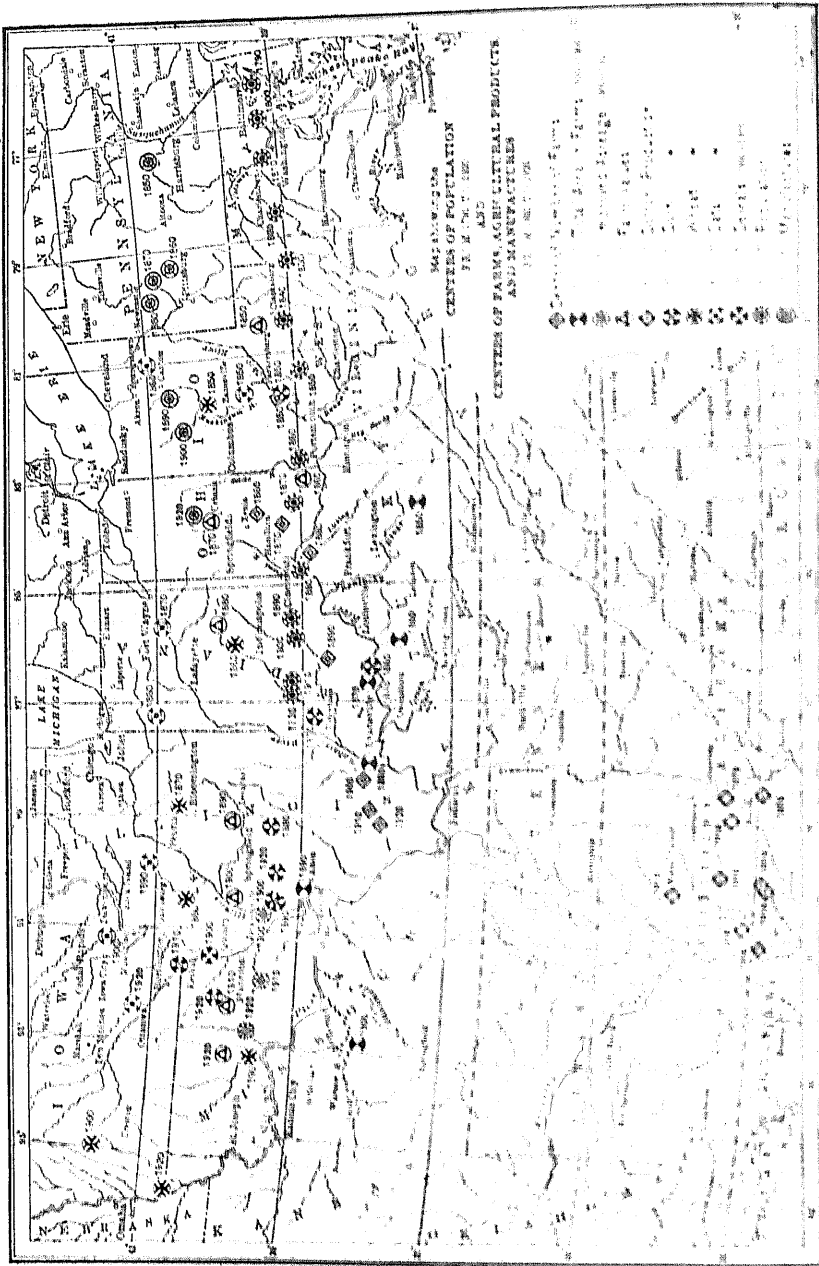

The complete results of the census of manufactures are presented in three volumes of the reports of the Fourteenth Decennial Census. Volume VIII contains a summarization of the statistics of manufactures as a whole, for the separate industries, and for the states, counties, and principal cities; Volume IX contains a separate report on the manufactures of each state and territory, with special statistics for the principal industries in the states; and Volume X contains special reports relating to leading industries of the United States.

This abstract was prepared under the supervision of Eugene F. Hartley, chief statistician for manufactures in the Bureau of the Census.

Respectfully,

W. M. STEUART,
Director of the Census.

Hon. HERBERT HOOVER,
Secretary of Commerce.

Note.—The centers for manufactures in 1 for all towns whose names are placed on the map for the year specified; the rest of the year indicated on the map; for the center of population and agricultural products are shown on the map.
