ABSTRACT OF THE FOURTEENTH CENSUS.
ABSTRACT OF THE CENSUS OF MANUFACTURES.
LETTER OF TRANSMITTAL.

DEPARTMENT OF COMMERCE,
BUREAU OF THE CENSUS,
Washington, D. C., February 24, 1928.

Sir:

I transmit herewith Volume X of the Reports of the Fourteenth Decennial Census, relating to manufactures.

The report on manufactures consists of three volumes and an Abstract of Manufactures. Volume VIII contains a summarization of the statistics of manufactures as a whole, for the separate industries and for the states and principal cities and counties. Volume IX contains a separate report on the manufactures of each state, and Alaska, Hawaii, and Porto Rico, with special statistics for the leading industries in the state and territory, each report having been previously issued as a bulletin. Volume X, the present volume, contains special reports relating to the leading industries of the United States.

The collection and compilation of the statistics and the preparation of the text were done under the supervision of Eugene F. Hartley, chief statistician for manufactures, assisted by John F. Daly, William A. Ruff, William W. Sawyer, chiefs of divisions, Frank L. Sanford and Story B. Ladd, expert special agents, and Lucy Craycroft, statistical expert.

Respectfully,

W. M. STEUART,
Director of the Census.

Hon. HERBERT HOOVER,
Secretary of Commerce.
