Not otherwise specified.
Teamsters in agriculture, forestry, and the extraction of minerals are classified with the other workers in those industries, respectively; drivers for bakeries and stores are classified as deliverymen in trade; and drivers for bakeries are classified as deliverymen in domestic and personal service.
Most of these are constructing canals, docks, harbors, etc.
Includes only persons specifically returned as "clerks" in stores. Many of these probably are "salesmen and saleswomen."
Some deliverymen probably were returned and classified as chauffeurs, and others as teamsters or truck drivers.

¹ Teamsters in agriculture, forestry, and the extraction of minerals are classified with the other workers in those industries, respectively; drivers for bakeries and stores are classified as deliverymen in trade; and drivers for laundries are classified as deliverymen in domestic and personal service. ⁴ Includes only persons specifically returned as "clerks" in stores. Many of these probably are "salesmen." ⁵ Some feliverymen probably were returned and classified as chalferers, and others as teamsters or truck drivers. ⁶ Includes only those resident in continental United States at date of enumeration. ⁸ I robably includes some teachers in schools below collegiate rank.
