¹ Many of the machinists' apprentices probably are machine tenders.
¹ Includes box factories (wood).
¹ Teamsters in agriculture, forestry, and the extraction of minerals are classified with the other workers in those industries, respectively; drivers for bakeries and stores are classified as delivery men in trade; and drivers for laundries are classified as delivery men in domestic and personal service.
¹ Includes only persons specifically returned as "clerks" in stores. Many of these probably are "salesmen and saleswomen."
⁵ Some delivery men probably were returned and classified as chauffours, and others as teamsters or truck drivers.

⁴ Most of these are hucksters and peddlers.
