¹ Includes land in fruit orchards, vineyards, and planted nut trees, which was not reported in 1919; excludes acreage of annual legumes saved for hay, which is practically all duplicated in the acreage shown for the various individual annual legumes grave and acreage of specified legumes planted with other crops.

² Excludes 14,502,932 acres reported for corn cut for forage, a large part of which is duplicated in the acreage

shown for corn harvested for grain.
³ Published as "Kafir and milo" in 1919; figures include sorghum seed which was separately reported in 1919 only.

⁴ The acreage of the annual legumes in 1929 is the acreage for all purposes, and in 1919 is the acreage harvested for grain or seed. The subtotal for "Other grains and seeds" in 1929 excludes the acreage but includes the production and value of interplanted legumes. ⁵ Not separately reported. ⁶ Includes cowpeas.

⁷ Not included in total acreage of all crops, or in subtotal of "Other grains and seeds. From the reported in 1919.

§ Includes pop corn, mustard seed, sunflower seed, sugar-beet seed, and other flower and vegetable seeds in 1929 and 1919; vetch seed in 1929, and castor beans, horse beans, "Other beans," broomcorn seed, and tobacco seed in 1919.

§ Acreage of annual legumes saved for hay is included in subtotals for "Tame hay" and "Hay crops" but not in the total acreage of all crops because of duplicated acreage of legumes for all purposes.

10 Includes the acreage and value of sugarcane for sugar or for sale to mills; does not include the acreage of sugarcane for seed and other purposes not specified.

11 Includes chufas, hemp, chicory, mint, cassava, and willows in 1929, and 1919; corn hogged off, "other crops hogged off," oats cut and fed unthreshed, flax for fiber, medicinal crops, and all other crops not listed in 1929; and teasels and ginseng.

¹ Acreage in 1929 includes all crops except gardens, nurseries, flowers grown in the open, and duplicated acreage of legumes saved for hay or planted with other crops. Acreage in 1919 does not include acreage of land in orchards, nurseries, etc., clover, timothy and other grass seeds, corn for fodder, etc.

² Averages for 1919 based on crops with acreage reports.

³ Less than one-tenth of 1 per cent.
