1939 AND 1934; AND CLOVER AND GRASS SEEDS, 1939

For 1934 data, see "Velvetbeans, vetches, Canada and other ripe field peas" below.

${ }^{1}$ For 1934, farms reporting less than 1 acre were counted as farms reporting the annual legume crop, but were not included as farms reporting acres grown alone nor as farms reporting acres grown with other crops.
${ }^{2}$ Where there are less than 3 farms reporting, data are included only in the State totals.
