SOUTH DAKOTA

1960 Census of Population — Graphic Summary

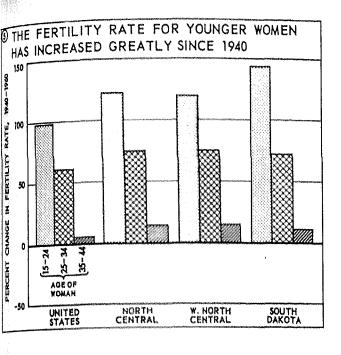

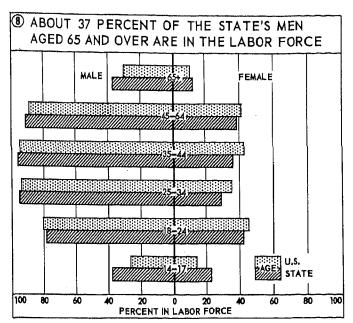

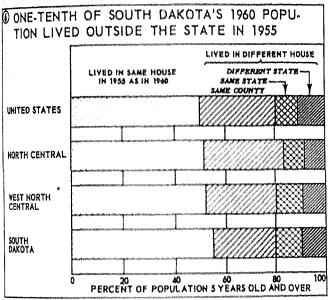

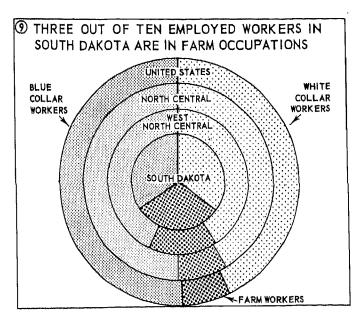

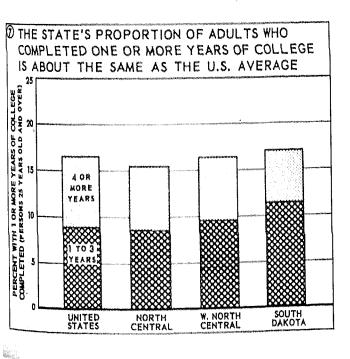

Note: The 1960 Census geographic classification divides the country into four regions and nine divisions, as follows: Northeast region — New England division (Maine, N. H., Yt, Mass., R. I., and Conn.) and Middle Atlantic (N. Y., N. J., and Pa.); North Central — East North Central (Ohio, Ind., Ill., Mich., and Wis.) and West North Central (Minn., Iowa, Mo. N. Dak., S. Dak., Nebr., and Kans.); South — South Atlantic (Del., Md., D. C., Va., W. Va., N. C., S. C., Ga., and Fla.), East South Central (Ky., Tenn., Ala., and Miss.) and West South Central (Ark., La., Okla., and Tex.); and West — Mountain (Mont., Idaho, Wyo., Colo., N. Mex., Arix., Utah, and Nev.) and Pacific (Wash., Oreg., Calif., Alaska, and Hawdil) in figures 1, 2, 3, and 5, the pre-1960 data refer, insofar as possible, to the present area of the United States, region, division, and State. In figure 5, fertility rate is the number of children ever born per 1,000 women in the specified age group; in States with fewer than 25,000 nonwhite women 15 to 49 years old in 1940, the 1940 rates refer to white women only. In figure 6, the data refer to persons five years old and over reporting this item; the category "Different State" includes persons living abroad five years prior to the census date. In figure 9, the base for the percent excludes employed persons with occupation not reported. White collar workers include the professional, managerial (nonfarm), clerical, and seles major occupation groups; blue collar workers include the craftsman, operative, private household, service, and nonfarm laborer groups; and farm workers include the farmer and fam laborer groups.
