# COMPARABILITY OF CENSUS TRACTS, 1960 AND 1950

Sacramento County and the adjoining part of Yolo County were tracted for 1950. However, considerable revisions were made in the tracts since (1) the townships were replaced by census county divisions, (2) the imaginary corporate limits of the incorporated places are now, in general, disregarded as tract boundaries, and (3) tracts have been split. Furthermore, the tracts in Sacramento County, outside Sacramento city, have been completely renumbered since 1950. Shown below are the 1960 tracts in Sacramento County that have been revised since 1950. No comparability is being shown for the Yolo County tracts as in converting to the census county divisions, the census tracts were completely revamped.
