*A report on our growing
and going population . . .*

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ **Americans at Mid-Decade**

The pace-setting procession of the American people in the decade of the sixties has accelerated trends that are transforming the patterns and conditions of American life.

Americans at Mid-Decade issued by the Bureau of the Census, illustrates in a series of charts and graphs changes in the composition, distribution, age structure, family formation, and mobility of our growing population. An interim census report that reflects a dynamic America in 1965, this chartbook translates the Nation's population growth into a meaningful record of rising levels of income and education, and shifting occupational and employment patterns. It throws new light on the background of a wide range of problems facing the American people.

Americans at Mid-Decade spotlights the pace of national progress and the direction of on-going trends. For an informative and easy-to-read report on where America is going and what we have going for us, use the order form.

Enclosed find \$_____ (check, money order, Supt. of Documents coupons, or charge my Deposit Account Number _____) Please send me _____ copies at 40¢ each of ★ ★ ★ ★ ★ ★ ★ ★
