

# APPENDIX

Table A-1.--PERCENT WITH CHILDREN EVER BORN ALLOCATED--WOMEN 15 YEARS OLD AND OVER EVER MARRIED, BY COLOR AND AGE, FOR THE UNITED STATES, BY TYPE OF RESIDENCE: 1960

(Data are based on final weighted sample figures after all replications. For women in replicated households, the values shown are those of the women in the substitute households. The term "allocated" means that the characteristic was assigned a value during tabulation because of the absence of an entry on the schedule, or because the entry was poorly marked, or was not readable by the mechanical equipment. See text for further explanation. Data based on 5-percent sample)

Table A-2.--ALLOCATION OF CHILDREN EVER BORN--WHITE WOMEN EVER MARRIED 15 YEARS OLD AND OVER, BY AGE, WITH MARITAL STATUS FOR WOMEN 35 TO 44 YEARS OLD, FOR THE UNITED STATES, URBANIZED AREAS, AND THE SOUTH: 1960--Con.

(Data are based on final weighted sample figures after all replications. For women in replicated households, the values shown are those of the women in the substitute households. The term "allocated" means that the characteristic was assigned a value during tabulation because of the absence of any entry on the schedule, or because the entry was poorly marked or was not readable by the mechanical equipment. See text for further explanation. Data based on 5-percent sample)

Table A-2.--ALLOCATION OF CHILDREN EVER BORN--WHITE WOMEN EVER MARRIED 15 YEARS OLD AND OVER, BY AGE, WITH MARITAL STATUS FOR WOMEN 35 TO 44 YEARS OLD, FOR THE UNITED STATES, URBANIZED AREAS, AND THE SOUTH: 1960--Con.

(Data are based on final weighted sample figures after all replications. For women in replicated households, the values shown are those of the women in the substitute households. The term "allocated" means that the characteristic was assigned a value during tabulation because of the absence of any entry on the schedule, or because the entry was poorly marked or was not readable by the mechanical equipment. See text for further explanation. Data based on 5-percent sample)
