CORRECTION NOTE

The data shown in this report do not reflect corrections in the population and housing unit counts for certain States; see "Correction Note" in the 1970 Housing Census HC(1)-A1 report for the United States.

The classification by farm-nonfarm residence shown in this report, as well as in the individual HC(1)-B State reports, is incorrect. The error consists of a misclassification between the farm-nonfarm components and is compensating between the two components. Therefore, data for the rural area as a whole are not affected; similarly not affected are data for urban areas or for States and the country as a whole. (Also not affected are the figures for vacant housing units.) The table below provides corrected farm-nonfarm figures for the United States, regions, divisions, and States; corrected figures for counties are obtainable on request to the Director, Bureau of the Census, Washington, D.C. 20233.
