<sup>1</sup>Puerto Rico was ceded to the United States by Spain in 1898. On July 25, 1952, pursuant to acts of Congress, it achieved the political status of the Commonwealth of Puerto Rico.

<sup>2</sup>Includes population of the Corn Islands (1960, 1,872; 1950, 1,304) not shown separately. Lease (1914) of the Corn Islands from the Republic of Nicaragua has been terminated. Area of these islands (4 square miles) not included in area total.

<sup>3</sup>Uninhabited in 1970; Enderbury Island uninhabited in 1960 and 1950.

<sup>4</sup>Less than 0.5 square mile.

<sup>5</sup>Sand Island uninhabited at time of enumeration.

<sup>6</sup>Area is for Navassa (2 square miles), Baker, Howland, and Jarvis (3 square miles), and Palmyra (4 square miles); uninhabited at time of enumeration.

<sup>7</sup>Under jurisdiction of the United States in accordance with the treaty of November 18, 1903, with the Republic of Panama.

<sup>8</sup>Administered by the United States since July 18, 1947, under the United Nations Trusteeship system.

<sup>9</sup>Comprises land area of 717 square miles and water area of 7,772 square miles.

<sup>10</sup>From Census of 1958 conducted by the Office of the High Commissioner, Trust Territory of the Pacific Islands.

<sup>11</sup>Estimated civilian population as of June 30, 1950.

<sup>12</sup>Excludes U.S. citizens temporarily abroad on private business, travel, etc. Such persons were enumerated at their usual place of residence in the United States as absent members of their own households.

<sup>13</sup>Based on 20-percent sample of reports received.

<sup>14</sup>Based partially on tabulations provided by Department of Defense.

<sup>15</sup>Represents U.S. citizens abroad for extended periods. Since this population was enumerated on a voluntary basis, its coverage is probably less complete than that of other categories of Americans abroad.

1880 (June 1)....	50,189,209	11,630,838	30.2	3,540,705	14.2						

<sup>1</sup>Percentage increases are computed on basis of change in population since preceding census date, and period covered therefore is not always exactly 10 years. Adjustments for differences in census dates must be made if strictly comparable figures are desired for each decade. <sup>2</sup>Figures given for various census years represent the area of all land within the present boundaries of the United States which was under the jurisdiction of the United States on the date in question, including in some cases considerable areas of land not then organized or settled and not covered by the census. In 1870, for example, Alaska was not covered by the census. <sup>3</sup>Revised since publication of 1960 reports. <sup>4</sup>Revised figure of 39,818,449 for the 1870 population includes adjustments for underenumeration in the Southern States. Unadjusted data are used in this and subsequent tables because revised figures for States, urban-rural residence, etc., are not available. On the basis of the revised figure, the population increased by 8,375,128, or 26.6 percent, between 1860 and 1870, and by 10,370,760, or 26.1 percent, between 1870 and 1880.

<sup>1</sup>In 1970, portions of 59 cities are classified as rural; the size classification in this table is based on the total population within legal boundaries. See section on "Extended cities" in text. <sup>2</sup>Figures for items under "Urban" and "Urbanized areas" exclude the 100,651 persons classified as rural within extended cities. <sup>3</sup>Figures for 1970 include the 100,651 persons classified as rural within extended cities.

**Table 5. Population Inside and Outside Standard Metropolitan Statistical Areas: 1970**

[Place partly outside an SMSA is counted where the larger part of the population is located; population, however, is tabulated where located. For meaning of symbols, see text.]

<sup>1</sup>In 1970, relatively sparsely settled portions of certain unincorporated places are classified as rural. In this table the population of these portions are excluded from the items under "Urban" and included in "Other rural." The size class to which these places are assigned, however, is based on the population of the places within their legal boundaries. See text for explanation. <sup>2</sup>In 1940 and later censuses, Bluefield, Va., and Bluefield, W. Va.; Bristol, Tenn., and Bristol, Va.; Delmar, Del., and Delmar, Md.; Harrison, Ohio, and West Harrison, Ind.; Junction City, Ark., and Junction City, La.; Texarkana, Ark., and Texarkana, Tex.; Texhoma, Okla., and Texhoma, Tex.; and Union City, Ind., and Union City, Ohio, were counted as separate incorporated places, whereas in 1930 each pair was counted as a single place. <sup>3</sup>Not returned separately.

Table 8. Population of the United States and Puerto Rico: 1790 to 1970—Continued
