CORRECTION NOTE

The official 1970 population count for Alaska is 302,173. This differs from the figure of 300,382 shown in the tables of this report; the correction results from errors found after the tabulations were completed. The tables have not been revised to reflect either this correction or the corrections listed below for census divisions, census division subdivisions, and places (or for the larger areas of which they are part).

CORRECTION NOTE

The official 1970 population count for Arizona is 1,772,482. This differs from the figure of 1,770,900 shown in the tables of this report; the correction results from errors found after the tabulations were completed. The tables have not been revised to reflect either this correction or the corrections listed below for counties, county subdivisions, and places (or for the larger areas of which they are a part).
