Table 56. Husband's Income in 1969, Occupation by Age of Wife at Marriage, and Education by Age of Wife at Marriage, and Number of Children Ever Born Per 1,000 White and Negro Women 35 to 44 Years Old, Married Once and Husband Present, and Age of Woman: 1970—Continued

[Data based on 5-percent sample, see text. For minimum base for derived figures (percent, median, etc.) and meaning of symbols, see text.]

Table with columns for Total, Childless, Children ever born, Total, Childless, and Children ever born for both White and Negro wives aged 35 to 44. It includes data on mean years since marriage, number, percent, and per 1,000 mothers for various income brackets and educational levels.

United States

WIVES MARRIED AT AGE 22 TO 24—Con.

Total—Continued

Husband employed—Continued

Table listing income brackets and corresponding counts for white and negro women.

College, 1 year or more

Table listing counts for women with a college education of at least 1 year.

Craftsman and kindred workers

Table listing counts for women whose husbands are craftsmen and kindred workers.

High school, 4 years

Table listing counts for women whose husbands have a high school education.

College, 1 year or more

Table listing counts for women with a college education of at least 1 year.

Table 56. Husband's Income in 1969, Occupation, and Education by Age of Wife at Marriage, Number of Children Ever Born Per 1,000 White and Negro Women 35 to 44 Years Old, Married Once and Husband Present, and Age of Woman: 1970—Continued

[Data based on 5-percent sample, see text. For minimum base for derived figures (percent, median, etc.) and meaning of symbols, see text.]

Table with multiple columns: Total, White wives 35 to 44 years old, Negro wives 35 to 44 years old. Sub-columns include Number, Mean years since marriage, Childless (Number, Percent), Children ever born (Number, Actual rate, Standard deviation), Per 1,000 mothers, Total (Number, Mean years since marriage), Childless (Number, Percent), Children ever born (Number, Actual rate, Standard deviation), Per 1,000 mothers. Rows are categorized by education level and income brackets.

1 Husband unemployed, not in the labor force, or in the Armed Forces.

Table 57. Age at Marriage, Education, and Labor Force Status of Wife and Husband's Education and Occupation, by Family Income in 1969, Number of Children Ever Born Per 1,000 White and Negro Women 35 to 44 Years Old, for Women Married Once Who Are Wives of Civilian Household Heads Employed in Nonfarm Occupations: 1970

(Data based on 5-percent sample, see text. For minimum base for derived figures (percent, median, etc.) and meaning of symbols, see text.)

Table A-1. Percent of Allocation for Nonresponse on Children Ever Born for Women 15 Years Old and Over, Ever Married, by Race and Age: 1970

[The term "allocation" means that a characteristic was assigned in the absence of a machine-readable entry or changed to make consistent with other entries during the computer editing. Data based on 5-percent sample, see text. For minimum base for derived figures (percent, median, etc.) and meaning of symbols, see text]

¹Reports or allocations of zero children ever born are included.

Table A-2. Percent of Allocation for Nonresponse on Children Ever Born for Single Women 15 Years Old and Over by Race and Age: 1970

[The term "allocation" means that a characteristic was assigned in the absence of a machine-readable entry or changed to make consistent with other entries during the computer editing. Data based on 5-percent sample, see text. For minimum base for derived figures (percent, median, etc.) and meaning of symbols, see text]

Table A-4. Allocation of Children Ever Born of Single White and Negro Women 15 Years Old and Over by Age: 1970—Continued

[The term "allocation" means that a characteristic was assigned in the absence of a machine-readable entry or changed to make consistent with other entries during the computer editing. Data based on 5-percent sample, see text. For minimum base for derived figures (percent, median, etc.) and meaning of symbols, see text.]

	White										Negro															
	Single women					Children ever born					Single women					Children ever born										
	Children ever born					Total	Per 1,000 women					Children ever born					Total	Per 1,000 women								
	None	1	2	3 or more	Number		None	1	2	3 or more	Number	None	1	2	3 or more	Number		None	1	2	3 or more	Number
