Table A-1. Percent of Allocation for Selected Characteristics of Inmates of Institutions by Major Type of Institution: 1970

[Data based on sample, see text. The term "allocation" means that a characteristic was assigned in the absence of a machine-readable entry or changed to make consistent with other entries during the computer editing. For minimum base for derived figures (percent, median, etc.) and meaning of symbols, see text]

States	Correctional institutions		Mental hospitals and residential treatment centers	Tuberculosis hospitals, and chronic disease hospitals, except mental	Homes for the aged and dependent		Homes and schools for the mentally handicapped	Homes and schools for the physically handicapped	Homes for dependent and neglected children and for unwed mothers	Training schools for juvenile delinquents and detention homes
	All inmates	Federal and State prisons			Local jails and work-houses	Known to have nursing care				
ALLOCATION RATE
